I forgot to raise the first pitch directly. We should do that.

Hi Sarah,

Thanks! Glad the Administrator liked the agenda. I'll make the edits and provide an updated version. One clarification - is throwing the first pitch still on or does the revision go from networking at deck directly to private booth? I presume the pitch is on and will include it and we can remove it if you advise otherwise.

I'm glad you agree the official closing would be at dinner on the 27th. It ties everything together.

Best,

Luis and Mark –

Wonderful job on the agenda. As I mentioned to Mark, the Administrator absolutely loved it. I have very few (very minor) changes.

- Let's start lunch on the 26th at 1:00 rather than 12:45.

- Let's not plan on dinner the evening of the 26th. After the principals mingle at the observation deck they can make their way up to a private booth and then leave as they wish.
- Rather than having a Native American dancer on the evening of the 27th, we would like to explore highlighting things that are unique to Oklahoma. Such as shows depicting the land run or perhaps a Will Rogers impersonator. Millan and I have some contacts that may help us here, so we will reach out tomorrow or Friday to see what might be available.

Luis – I think closing the official session at dinner is the way to go.

Good Morning Sarah-

I hope your birthday week was fantastic! I went back to 324 on my last night for some yummy stuff. Attached is the latest version of the program. I added a couple of notes in yellow for your consideration. I am thinking that if we close the Council Session on the morning of day 2 as is tradition, the afternoon programs on innovation might be perceived as out of the program or optional. One way we could address this is by closing the public portion of the council session in the morning, but closing the council session officially at dinner. Just a thought at the moment and we can consider this further as we negotiate the program with Canada and Mexico.

Best Regards,

Luis or Mark -

Would you please send me the latest draft agenda? I don't seem to have an electronic copy saved.

Thank you!
